Conference on Sustainability in Engineering
February 27th to March 1st 2026
8th edition

Trois-Rivières February 10, 2025

Letter of support – 2026 Conference on Sustainability in Engineering (CSE)

Madam, Sir,

The School of Engineering of the University of Quebec in Trois-Rivières hereby confirms its support and collaboration for the organization of the Conference on Sustainability in Engineering (CSE) of the Canadian Federation of Engineering Students (CFES).

The School of Engineering is proud to support this large-scale initiative, which aims to raise awareness among engineering students about sustainability and environmental issues, while encouraging them to discuss and design innovative solutions to address them. We are convinced that this event is a valuable opportunity in the training of future engineers, by encouraging them to integrate sustainable practices into their projects and career paths.

This conference will provide our students, as well as those from participating institutions, with an ideal platform to explore innovative strategies and engage in constructive discussions on the integration of sustainability in the field of engineering.

We are fully committed to supporting the organization of this event and strongly encourage you to do the same, in order to ensure its success and make it a memorable experience!

We thank you for considering this partnership request and remain available for any additional information.

Please accept, Madam, Sir, the expression of our distinguished greetings.

M. Kodjo Agbossou, ing., Ph.D.

Director - School of Engineering, University of Quebec in Trois-Rivières
Holder, Hydro-Quebec Research Chair on Transactional Management of Electrical Energy
Professor, Department of Electrical Engineering and Computer Engineering

Conference on Sustainability in Engineering at UQTR

February 27 to March 1, 2026

The Conference on Sustainability in Engineering is an annual conference organized by the engineering students society of the host university. In 2026, the conference will be held at the Trois-Rivières campus of the Université du Québec à Trois-Rivières.

As a sponsor of CSE 2026, you will directly contribute to the training engineering students on sustainability.

Land recognition

We express our gratitude and respect to the Attikameks, whose traditional territory, Nitaskinan, includes Trois-Rivières. This Indigenous people asserted its sovereignty over this 80,000 km² territory in 2014. Their language, Atikamekw, is one of the most vibrant in Quebec. We are grateful to live on these lands and honour the deep connection that unites the Attikameks to Nitaskinan.

Description of the Conference

The Conference on Sustainability in Engineering (CSE) is an event which brings together around 175 students from 43 university institutions across Canada.

The students are invited to assist to a serie of talks given par experts in diverse topics in sustainability from February 27th to March 1st at the Trois-Rivières campus of UQTR.

The aim of this conference is to raise awareness and educate the engineering students community on the stakes surrounding sustainability and environmental engineering.

The four topics of the Conference

1

ENERGY TRANSITION

Green, efficient and safe transport, innovative and smart materials, smart electricity networks

2

GLOBAL IMPACT REDUCTION AND SYSTEM OPTIMIZATION

Equip ourselves to measure the impact of our decisions at the process level as well as at the scale of the overall system.

3

AI, POSSIBILITIES AND LIMITS

Better understand the scope and impact of digital technologies and artificial intelligence on our way of life, and equip ourselves to reflect on the ethical issues raised by the use of these technologies in today's world

4

THE ENVIRONMENT AND NATURAL RESOURCES

Better understand global changes and adaptation of ecosystems and equip ourselves to develop the circular economy and more green regions

THE BENEFITS OF BEING A SPONSOR

NETWORKING

The Conference offers networking opportunities during the opening evening on February 27th.

LASTING VISIBILITY

By becoming a partner, your company will benefit from great visibility on our social networks (LinkedIn, Facebook, Instagram) as well as on various promotional media during the conference.

The Conference website: <https://cse2026.cfes.ca/>

DEADLINE TO BECOME A SPONSOR

The deadline to apply to be a sponsor is November 5th, 2025.

Contact us by email at partenariats@cse2026.cfes.ca

SPONSORSHIP TIERS

	Official (1) \$20 000 +	Visionnary (4) \$15 000	Impact (8) \$7 500	Ally \$5 000	Support \$2 000	Friend < \$1 000
